

## **Homeschool Speaking Topics/Workshops**

### **Homeschooling 101: Introduction to Homeschooling**

This workshop is an overview of home education. It addresses common questions and concerns regarding homeschooling to help ease fears and boost confidence so attendees will be ready to start their homeschooling journey.

### **Getting Started in Homeschooling**

This workshop takes attendees step-by-step through the process of getting started in homeschooling. From deciding how you will legally homeschool to finding a support group, picking curriculum and setting up your home for homeschooling, this workshop covers it all!

### **Private Homeschool Records in California**

Private home education provides the most freedom to homeschooling families in California but many families are nervous about filing the affidavit and keeping their own records. Worry no more! This workshop will walk you through what records are required by law, what records are optional and answer many of your questions regarding private home education in California. Be prepared to have your mind put at ease!

### **Help! My Toddler Makes It Hard to Homeschool!**

How do you homeschool your older kids when you have little ones running around? Be encouraged and gain practical tips as a mom of seven shares how homeschooling is not only possible but beneficial for the whole family when you have babies, toddlers and preschoolers to care for.

### **Encouragement for the Homeschool Mom**

This workshop offers encouragement to the homeschool mom. I like to tailor this talk to your specific group. Contact me for more information.

## **How to Homeschool When Life is Difficult**

When you and your family are faced with a challenging life situation, homeschooling can seem daunting and is probably the last thing you want to think about taking on. Is it possible to homeschool when life is difficult? Come hear a mom of seven as she shares how her family homeschooled through a challenging season in life. Be encouraged and gain practical insight!

## **Answering YOUR Homeschool Questions: Q&A**

This workshop is an open question and answer time. Attendees can ask their homeschooling questions and get the personalized answers they need.

## **Homeschooling Multiple Grades: How do you fit it all in?**

How do you find the time to teach every subject to every child when you have multiple children to homeschool? Come hear a mom of seven share practical tips for homeschooling multiple grades.

## **Homeschooling the Preschooler**

Are you trying to decide what to do with your child during the preschool years? This workshop will cover the benefits of keeping your preschooler at home, things to think about before purchasing preschool curriculum, what your child really needs to learn during the preschool years and ideas for learning through play and life experiences.

## **How to Have Success in Your Homeschool!**

Are you getting discouraged with homeschooling? Do you wonder how other moms homeschool their kids and stay sane? Find out how to have success in your homeschooling journey with just a few simple tips!

## **Organizing Your Homeschool**

If you are looking for ideas on how to organize your homeschool then this workshop is for you! I will share numerous ideas for lesson planning, organizing your student's work and grades, creating ways for your child to work independently and setting up your homeschool. There are plenty of ideas to choose from. Pick what works best for you!
